☐ Compulsory

☒ Data dimension

☐ Include subhierarchy in analytics

- YOUR DIMENSIONS
- ☐ <5 / >=5
  - ☐ Area ●
  - ☐ Births attended by
  - ☐ Commodities
  - ☐ Diagnosis
  - ☐ Donor
  - ☐ EPI/nutrition age
  - ☐ Facility Ownership ●
  - ☐ Facility Type ●
  - ☐ Funding Agency
  - ☐ Gender
  - ☐ HIV age
  - ☐ HIV paediatric age
  - ☐ Implementing Partner
  - ☐ Labour complications
  - ☐ Location Fixed/Outreach
  - ☐ Location PHU/Community
  - ☐ Location Rural/Urban ●
  - ☐ Main data element groups
  - ☐ Morbidity Age
  - ☐ Morbidity/Mortality
  - ☐ Outcome
  - ☐ PMTCT
  - ☐ Pregnant/Non-pregnant
  - ☐ Project
  - ☐ Referrals Age
  - ☐ Rural and Urban

# Duplicate Data Elements

| ALL   | CATEGORY               | DATA ELEMENT  | DATA SET | INDICATOR |
|---|------------------------|---|----------|-----------|
|  | Data element           | Maternal complication death                                 |          |           |
|  | Data element group     | Maternal death  |          |           |
|  | Data element group set | Measles (Deaths < 5 yrs)                                    |          |           |
|   |                        | Measles (Deaths < 5 yrs) Narrative                          |          |           |
|   |                        | Meningitis (Deaths < 5 yrs)                                 |          |           |
|   |                        | Number of deaths due to tuberculosis excluding HIV          |          |           |
|   |                        | PMTCT reported mother death                                 |          |           |
|   |                        | Plague (Deaths < 5 yrs)                                     |          |           |
|   |                        | Plague (Deaths < 5 yrs) Narrative                           |          |           |
|   |                        | Pregnancy-related deaths (6 weeks of birth) 10-19y at PHU   |          |           |
|   |                        | Pregnancy-related deaths (6 weeks of birth) 10-19y in comm. |          |           |
|   |                        | Pregnancy-related deaths (6 weeks of birth) 20-35y at PHU   |          |           |
|   |                        | Pregnancy-related deaths (6 weeks of birth) 20-35y in comm. |          |           |
