5-14y

5y+

This is OK! Happens when a cat. option is used in multiple cat. combos

Category Model - Cat. option groups

- We can rectify the problem temporarily through the use of category option groups and group sets

Category option group name	Category options added to group
< 5	Under 5 years
>= 5	5 years and above 5y+

Category option group set name	Category option groups added to category option group set
< 5 / >=5	<5 >= 5
